

## What to Do In Palm Springs This Summer

GOLF every day of the week at the Desert Golf Course, located at the west end of Amado Road. Open 8:00 a. m. to 6:00 p. m.

BOWLING six nights a week at the air-conditioned Palm Springs Bowling Academy.

POOL, BILLIARDS, SNOOKER at the Cue Club and Pioneer Club on East Andreas Road.

HORSE SHOES, CROQUET, PING PONG on the public recreation grounds at the Field Club. Open every day and evening.

SWIMMING every afternoon at the Racquet Club, open to the public. Children 1:30 to 3:30 p. m., adults 3:30 to 8:00 p. m. Nominal charge.

SOFTBALL nearly every night at the Field Club. See schedule of games on inside page.

## Army Considers Relocation of Sewer Plant

Plans to place the proposed sewage disposal plant for the Torney Army General Hospital out in the middle of Section 19, at least a mile farther south and east from the high school than the location originally being considered in section 24, were disclosed this week as a real estate appraiser for the army appeared in town Thursday to confer with city officials and to look over land in the vicinity of the new proposed site.

### City Objects

Some weeks ago plans of the U. S. Engineer's office relative to the sewage system for the army hospital, including location of the disposal plant in section 24, near the high school, came before the city council.

At that time objection was voiced by city fathers and members of the school board to location of the disposal plant in such close proximity to the high school, only half a mile away. It was emphasized by councilmen and school board men that the proposed location was so near the schools that it could easily constitute a health problem and also that objectionable odors might even drift into town on the wings

## 21 Enlisted Men At Army Hospital Earn Promotions

Yesterday, Thursday, July 30, headquarters at the Torney General Hospital in Palm Springs announced a list of promotions affecting 21 enlisted men of the medical department. The list included all non-commissioned promotions made at the army hospital since June 8.

The enlisted men advanced in rank were as follows:

Technical Sergeant Jefferson A. Casterly promoted to master sergeant.

Technician 4th Grade Glen D. Ruddy promoted to first sergeant.

Staff Sergeant Maurice A. Melford promoted to technical sergeant.

Staff Sergeant Robert T. Willock promoted to technical sergeant.

Sergeant Fred M. DuBrutz promoted to staff sergeant.

Sergeant Alan G. Larsen promoted to staff sergeant.

Sergeant Glenn E. Minear promoted to staff sergeant.

Technician 4th Grade Lloyd W. Congdon promoted to staff sergeant.

Technician 4th Grade Lawrence A. Miller promoted to staff sergeant.

Technician 5th Grade Thomas R. Michael promoted to sergeant.

Technician 5th Grade Paul P. Halenda promoted to Technician 4th Grade.

Private 1st Class Robert A. Rice promoted to technician, 4th grade.

Private Vernon R. Brown promoted to corporal.

Private Raymond W. Lenz promoted to corporal.

Private 1st Class Stanley E. Rice promoted to corporal.

Private 1st Class Vern L. Stucky promoted to corporal.

Private George F. Jezek promoted to Private 1st Class.

Private Robert P. Heagerty promoted to Private 1st Class.

Private Edward C. Parke promoted to Private 1st Class.

Private Harry H. Stern promoted to Private 1st Class.

Private Donald R. Viering promoted to Private 1st Class.

## Frank Pershing May Not Resign From City Council

There was some hope this week that Palm Springs may be able to retain its popular city councilman, Major Frank Pershing, who recently re-entered the army with orders to report for duty July 20 at the Wingate Ordnance Depot, Gallup, N. M.

The first hint of this came when Major Frank Pershing wrote Mayor Frank Shannon and the city council on July 17 requesting a leave of absence from the council to be out of the state for 60 days. In his communication Pershing said he would advise the council when he received more definite orders and station. Friends say Major Pershing is making an effort to obtain a transfer to the new army ordnance depot recently established at San Bernardino. If he is located this close to home, it might be possible for him to drive down for council meetings and to look after his personal and business affairs here, it is pointed out.

In view of the request for a 60-day leave of absence, it is safe to guess it will at least be two or three months before Councilman Pershing turns in his resignation; and he may remain on the city council for a much longer period if he obtains his transfer to San Bernardino.

## Volunteers Asked For Aircraft Observation Duty

The aircraft warning service critically needs more helpers in Palm Springs, especially for the rest of the summer while many of the regulars are away on vacations, it was announced this week by Chief Observer Culver Nichols of the local post.

Aircraft observations posts must keep a 24-hour vigil day in and day out to guard against the encroachment of enemy planes, and the local post is so short of helpers that the few observers left in town must stand several shifts a week. This places an unfair burden on the shoulders of a few, to guard your home and mine; when in reality there are plenty of people in town who are doing nothing in the way of civilian defense work, and have the time to give three to six hours a week to this worthy cause.

Many additional observers are needed. The shifts are for three hours; and observers have seven different days of the week and 24 hours a day to choose from, so almost anyone should be able to find at least one three-hour shift a week he can serve in this important phase of national defense.

All residents, men and women, who can help out by serving one or more shifts a week, are asked to go to the city hall and sign up with City Clerk Robert Peterson, or to contact Chief Observer Culver Nichols. They are asked to act immediately, as observers are needed desperately right now.

## Ray Cree Moves To Plaza Office

Now thoroughly installed in the Plaza office as manager of Major Robert Ransom's real estate sales and rentals business is able Raymond Cree, pioneer village real estate broker.

Cree expects to be here the rest of the summer, spending several hours each day in his new office.

## Aircraft Observers To Hold Meeting

Chief Observer Culver Nichols of the Aircraft Warning Service, has called an important meeting of all Palm Springs observers for next Thursday night, August 6.

All local ground observers are asked to please be present at this meeting, which will be held in Room 7 at the Frances Stevens School, starting at 7:30.

## Charged With Conspiracy

One of 20 persons charged with conspiracy to undermine the morale of the U. S. armed forces, David Baxter, former Twentynine Palms publisher and well known in various Riverside county cities, is shown here as he awaits hearing in Los Angeles jail.

## Apartment Houses, Hotels and Homes Should Be Opened This Summer

Realtors are having considerable difficulty obtaining apartments for army officers' families who want to move to Palm Springs immediately and prospective winter residents who plan on coming early for the coming season in order to be assured living quarters.

Due to this condition, it is advisable owners of apartment houses, rental homes and hotels plan on opening earlier than usual this season. To do this, it may be necessary to install air conditioning, for air-cooled living quarters will be in demand until October 1st. It is not too early to get rental units ready for tenants right now.

## Church Wedding Unites Lois Jenner And L. A. Engineer

Pretty Lois Marie Jenner, daughter of Mr. and Mrs. A. J. Jenner of Palm Springs, and Clarence Twombly III of Los Angeles, production engineer at the Braun Construction Co. plant at Alhambra, were married this week at Covina, culminating a courtship that began when the two young folks were students at the University of California at Los Angeles. The beautiful wedding, attended by a large group of friends and relatives, was held in the Covina Methodist church with the Rev. Gordon Chapman, pastor of the Westwood Methodist church, officiating.

The bride was given in marriage by her father. She was beautiful in her white satin gown with lace panels in front and a short train; white tulle fingertip veil with wreath of real orange blossoms; and carried a fragrant bouquet of white sweetpeas and gardenias with orchids in the center.

Miss Marjorie Abbitz, former roommate of the bride at U. C. L. A., was maid of honor. She wore blue organza and carried a fan-shaped bouquet of pink sweetpeas.

The three attractive bridesmaids were Leona Jenner, sister

## Altha Wilson Returns From Albuquerque; 5 Flat Tires

Mrs. Altha Wilson, of Indianoia, returned Saturday from Albuquerque, N. M., where she had spent six weeks. Although she did not drive faster than 40 miles per hour enroute, she had five flat tires, one of them being a blowout of a practically new tire.

## Many Openings for Civilian Workers At Army Hospital

Civilian employees, cooks, bakers, meat cutters, junior cooks, ward and mess attendants, and laborers, are needed in large numbers at the Torney Army General Hospital in Palm Springs, it was announced this week by the civilian personnel office at the hospital.

These jobs are war service appointments under civil service and the pay conforms to the prevailing wage scale for each type of work. No ban is made on sex or color, as these fine paying jobs are open to both men and women citizens of all colors—black, brown, red or white (except nazis or japs—Ed.) There is one exception; all persons making application for work as laborers, however, must be men.

Arrangements can be made, with a salary adjustment, to have the hospital furnish board and room for any civilian worker. All civilian employees are subject to a strict physical examination.

Interested persons can obtain more complete information concerning openings for civilian workers at the hospital by telephoning Palm Springs 2211 and asking for Station 118, the civilian personnel office.

## Torney General Hospital News

Col. A. B. Jones, commanding officer at the Torney Army General Hospital in Palm Springs, was visited by two intimate friends yesterday. They were Col. R. E. Scott, in charge of the 11th Evacuation Hospital at the Desert Training Center; and Major J. H. Taber, executive officer at the same hospital.

Old friends who entered the army together many years ago, Col. Jones and Col. Scott have seen each other only once since 1915; and that was ten years ago when their paths crossed in Washington, D. C., and they met by chance in an elevator.

Major Taber's friendship with Col. Jones is in better standing, as far as the time element since they last met is concerned. The colonel and major became well acquainted when the two medical men were stationed at the Army and Navy General Hospital in Hot Springs National Park, Arkansas, a year or so ago.

The two medical officers from the Desert Training Center and Col. Jones spent much of the day talking over old times.

### To Become Officer

One of the enlisted men at the hospital is slated for officer's training. He is Sgt. Paul W. Slonaker, quartermasters detachment, who has been selected to attend a quartermasters officer candidate school in Virginia. He will leave Palm Springs in about a week. After completing a 12-week course, Sgt. Slonaker will be commissioned a second lieutenant in the quartermasters corps.

On Tuesday night of this week the officers' bowling team tangled with a group of town kleglers

(Continued on Page Four)

## Chaffey Ill At Encinitas

John R. E. Chaffey, secretary of the Chamber of Commerce, is ill at his summer apartment at Encinitas, near Oceanside. Chaffey went to the beach to visit with his wife and sons, who are spending the summer there, and while there became ill with intestinal flu. He does not expect to be able to return here until next week.

## Council Meets Next Wednesday

The first meeting of the Palm Springs City Council has held for some time is scheduled for next Wednesday night, August 5, in the city court room at 480 North Palm Canyon Drive.

This will be the regular monthly meeting for August and a number of important items of business are on the agenda.

## BIG SALVAGE DRIVE TO BE LAUNCHED IN PALM SPRINGS NEXT WEEK; CO-OPERATION OF CITIZENS ASKED

To meet the nation's war needs for scrap iron and steel and other salvage materials, a new intensive drive will be launched in Palm Springs on Friday, August 7, to obtain as many tons of scrap materials as are available in this city, it was announced today by Dr. J. R. Macartney, chairman of the local Salvage Committee. The local drive is part of a nation-wide drive announced recently by Donald M. Nelson, WPB chairman, and will be officially opened in Palm Springs by a large advertisement, prepared and paid for by the American Industries Salvage Committee, in next week's Desert Sun.

### NEED IS GREAT

"As the war becomes more intensive on the various foreign fronts," Dr. Macartney said, "the need for scrap materials has steadily increased." He declared that while collections of various types of salvage have already been made here from time to time, the expanding requirements of the war program have made it necessary to obtain much larger amounts of materials.

"The American steel industry this year hopes to produce a record-breaking 85,000,000 tons of steel—as much as all foreign countries put together can make. Our country alone this year is going to produce three tons of steel for every two tons the Axis can turn out.

"To bring steel production up to the industry's full capacity of 90,000,000 tons in 1942, however, our steel industry needs an extra 6,000,000 tons of scrap steel for its furnaces. Every ton of scrap we can send them will swell our national production of tanks, ships, planes and guns."

### City to Pick Up

Sponsored by the local salvage committee, headquarters for the big salvage campaign in Palm Springs is the office of the city waste disposal department, located in the city hall. Information concerning how to prepare salvageable materials for hauling away can be obtained by telephoning 2202, the waste disposal office.

In addition to scrap iron and steel, the materials to be collected include brass, aluminum, lead, copper and other non-ferrous metals, rubber, rope, rags, burlap sacks, glass and fats.

### Here Is The Plan

Salvage will be picked up under a system developed by the city waste disposal. Here are the details: Metals, rubber, rags, rope and other salvageable materials listed above should all be placed together in one strong cardboard or wooden box next to the garbage can. Have pity on the waste disposal employees. Do not put salvage in the garbage can or garbage in the salvage container.

Dump your old tin cans right in the garbage container; do not place them with the salvage. Tin cans cannot be used here, due to the fact Palm Springs is too far removed from a detinning plant.

### Do Not Separate

Villagers should not attempt to separate the salvage materials, this will be done by skilled men at the city dump. It will be much easier for the waste disposal men if all salvage is placed in one container next to the garbage can, as outlined in a preceding paragraph. However, in the case of tires or large pieces of metal,

(Continued on Page Five)

## Attend Gift Show In Los Angeles

To Los Angeles the first of this week for the Annual Gift Show went Ken and Ruth DuBose, representing the Village and Thrifty five-and-ten-cent stores; W. W. Daly of the Tropic Palms Gift Shop; and Mr. and Mrs. F. W. Watson of Indianoia. The Gift Show opened on Sunday and ran for several days.

## Spend Month in Coastal Cities

Closing their lovely Las Palmas Estates home for a few brief weeks, Miss Maude McQuillin and her sister, Mrs. Sylvia Chaney, are taking a month's vacation. They will divide their time between Los Angeles and Long Beach and return to the desert in September.

## Building Permits

July 23, Wilson & Sorum, \$400, addition to second story apartment, Wilson Bldg.

## Notice to Greyhound Patrons

Rollin Dunlap, in charge of the Greyhound bus station here, this week announced the existing schedule at the bus office. He states that the bus leaving here for Los Angeles at 7:10 a. m., has been cancelled and also the bus leaving from Los Angeles at 2:15 p. m., has been discontinued.

### New Schedule

The present schedule is as follows:

Leave	Arrive
Palm Springs	Los Angeles
1:25 a. m.	5:00 a. m.
10:10 a. m.	1:35 p. m.
12:35 p. m.	4:15 p. m.
1:35 p. m.	4:50 p. m.
4:25 p. m.	8:20 p. m.
8:40 p. m.	12:10 a. m.

Leave	Arrive
Los Angeles	Palm Springs
9:15 a. m.	1:44 p. m.
11:00 a. m.	3:22 p. m.
12:45 p. m.	4:47 p. m.
5:00 p. m.	9:19 p. m.

## El Morocco Hotel Opens For Season; Air-cool Cottages

Busy as a beaver this week was Mrs. Lillie C. "Ma" Goff opening her Goff's El Morocco Hotel for another season.

With air coolers installed in all the attractive cottages, the hotel is now open and ready for business. Several of the housekeeping cottages have already been taken by army officers and their families.

"Ma" Goff has been spending the summer at Banning. Throughout this week she motored down daily with Postmaster "Pop" Gorham to take charge of opening work at her hotel, returning to Banning in the evening for a cool night's sleep. The village postmaster has taken his customary hotel room for the summer at the Pass city.

"Ma" plans to move down to stay Monday.

## Return From Trip to Tahoe

Mr. and Mrs. Ray Gaubatz and two sons returned last weekend from a delightful two weeks' trip to numerous points in Northern California.

While at Tahoe they visited with Mrs. Gaubatz's brother, Dr. Jack Hill and Mrs. Hill.

## Kasper Back From Vacation

Spending his week's vacation in Northern California, Fireman Phil Kasper returned Thursday to Palm Springs.

While up north he visited with friends at Redding.

## Ball Games, Results and New Schedules

Softball and regulation baseball games are played nearly every night of the week in Palm Springs at the Field Club on East Ramon Road. These games, sponsored by the city recreation department, are open to the public; and only a very nominal charge is made for grandstand seats.

A top flight brand of ball is frequently displayed by some of the competing teams, and the games draw big crowds nightly.

## Results of Games

Thursday, July 23

Hard ball: First Infantry 4, 8th Engineers 6.

Softball: League game, Rinkydinks 9, 203rd Quartermaster Corps 2.

Friday, July 24

Softball: 64th Quartermaster Corps 11, Med. Det. Base Hospital 1.

Softball: Rinkydinks 2, 8th Engineers 9.

Saturday, July 25

Hard ball: 23rd Quartermaster Corps 3, 144th Quartermaster Corps 5.

Tuesday, July 28

Softball: League game, Med. Det. Base Hospital 4, Bombers 18.

Wednesday, July 29

Softball: 138th Quartermaster Corps 4, Rinkydinks 10.

## Coming Games

Desert Center softball and hardball leagues are being reorganized at this time, and the schedule of games is indefinite. However, play should start on Tuesday, August 3, with games being played starting at 6:00 and 6:45 p. m.

Local league games, new round, will be as follows:

Tuesday, August 4

Ferrying Command vs. Bombers, 8:30 p. m.

Thursday, August 6

Rinkydinks vs. Med. Det. Base Hospital, 8:30 p. m.

## 12 Army Officers And Their Families At El Encanto

Doing a big business with the army is El Encanto, apartment house on South Palm Canyon Drive, where a colonel, lieutenant colonel, one major and nine captains, together with their families, are registered. These officers are all stationed at Desert Center.

Owner George Relf is resident manager of El Mirasol Hotel and Cottages at Santa Barbara this summer. While Mr. and Mrs. Relf are enjoying the cool weather at the beach resort, Mrs. Frances Renard is managing El Encanto for them. Mrs. Relf was in Palm Springs for a few days last week to attend to some personal and business affairs.

Relf writes from Santa Barbara that Mr. and Mrs. Austin McManus spent a few days at El Mirasol two weeks back.

Pay Telephone Bills before the 30th and receive discount.

## Marines, Too, Wear Gas Masks

Master Gunnery Sergeant Jesse L. Reynolds of the Recruit Depot, Marine Corps Base, San Diego, Calif., instructs a recruit in the proper adjustment of the gas mask. All Marine Corps recruits receive thorough training in chemical warfare before they begin regular duty.

## You Can Protect Yourself

By DR. WARD L. MOULD  
Medical Gas Officer, U. S. Office of Civilian Defense

(This is the last in a series of six articles about war gases, their characteristics, and measures the civilian can take to protect himself against gas injury.)

This article will present a few simple rules by which injury by war gases may be prevented or modified. If mustard or lewisite are used, the most serious injuries will result from the liquid agent. Therefore, during a raid, remain inside, or go inside if you are out of doors.

Remember that war gases are heavier than air, and will cling to the ground. You can get away from the vapor by going to the upper floors of a building and by avoiding basements and other low places. Even after a raid, it is better to remain inside the upper floors of a building than to try to leave the gas area unless so directed. Your air raid warden will guide you to safety when it is safe for you to move.

### Basic Rules for Self-Aid in a Gas Attack:

1. Self-aid is the BEST aid for the prevention of injuries due to war gases. War gases are usually not dangerous if you take steps immediately to remove them from the skin and eyes. Effective means to accomplish this are in the kitchen and bathroom of every home.
2. If you are inside a building, remain there and go upstairs. Do not leave your house unless it is absolutely necessary. If you are outside and not able to get indoors, immediately walk—don't run—to get out of the gas area. Avoid puddles of liquid gas, basements, valleys and other low places.
3. If you have been exposed to a war gas—
  - a. Breathe through cloths wet with baking soda solution.
  - b. Get inside a building if possible, but first remove your outer clothing and leave it outside.
  - c. Wash your hands first, and then your face, with laundry soap and water.
  - d. After cleaning your hands, wash your eyes at once with a large amount of a solution of baking soda; one teaspoonful of baking soda in a glass of water.
  - e. Take a bath, using plenty of laundry soap.
  - f. Wash your eyes again with baking soda solution.
4. If splashes of liquid gas have gotten on you—
  - a. Using small pieces of cloth, cleansing tissues or toilet paper, blot up as much of the liquid as you can, being careful not to spread it.
  - b. Daub the contaminated area with cloths wet with bleaching solutions containing sodium hypo-chlorite, such as CLOROX, etc.
  - c. Follow directions b, c, and d, in 3 above.
5. NEVER GET EXCITED. Lie down and cover yourself with a blanket. Medical aid is on the way. There is no immediate serious danger from exposure to any known war gas.

## VILLAGER BUYS LARGE HILLSIDE HOME IN PASS

Through a real estate deal completed last Saturday, William E. Reis, Jr., resident of Palm Springs for a number of years, purchased from Mrs. Grace Stone of Los Angeles a beautiful two-story frame residence located on the heights north of Beaumont. The property, known as "Beaurest," consists of 30.62 acres of ground improved with the home and a large barn and tack room.

The home has a large living room with huge windows facing south, east and west from which a wonderful panoramic view of the San Geronio Pass can be obtained. It has a large dining room, breakfast room, kitchen and butler's pantry, a fruit and wine cellar, seven bedrooms and five baths. A Colonial stairway connects the two floors.

Mr. Reis, who is an interior decorator, plans to completely renovate, redecorate and refurnish the house. He has quite a reputation for his ability along this line, having built and decorated six houses in Palm Springs.

It is reported that the day the transaction came out of escrow, Mr. Reis had an opportunity to sell the property for almost twice what he had paid for it. Being unable to purchase another place, which to his way of thinking had such an excellent view of the Pass, Mr. Reis decided not to sell. He will use the property as a summer home. It is located in La Mesa Miravilla tract about three miles north of Beaumont.

The sale was made by Mike Flavin representing Harold Hicks, local realtor, who represented both parties.

Pay Telephone Bills before the 30th and receive discount.

## With the Boys In the Service

Aviation Cadet Theodore McKinney, son of Mr. and Mrs. O. S. McKinney of Palm Springs was graduated this week from Minter Field, army basic flying school near Bakersfield. He has successfully completed his basic flying training and now enters advanced school, the final phase in the rigorous course of instruction prescribed by the Army Air Force for its flying officers. Upon completion of his training, Ted will be awarded the silver wings of a lieutenant in America's mighty aerial armada.

Al Scriven, former Palm Springs high school student and now serving in Uncle Sam's Navy, has been home the last three weekends on furlough. The son of Mr. and Mrs. W. L. Scriven, Al now holds a 3rd rate petty officer's rating and is stationed at the naval training station in San Diego.

The mother of Bob Rowan, Palm Springs youth, writes to tell of her son's recent promotion to the rank of sergeant and to explain how much Bob enjoys receiving his Desert Sun each week. Her letter follows:

Los Angeles, July 23, 1942.  
The Desert Sun.

Dear Sirs:

Will you please accept my sincere gratitude for the service of your home town paper for home town boys in the service. Two weeks ago my son, Corp. Robert J. Rowan, Army Air Corps, was promoted to sergeant. Will you please have it changed on the Honor Roll. He was so proud, he said he thought everyone in the world should know it. He will be pleased to see the change—Sgt. Robert J. Rowan, Base Weather Station, Stockton Field, Calif. He's a meteorologist.

Sincerely,  
Mrs. Dorothy Rowan.

P. S.: Certainly wish you could say hello to all Bob's friends for him. Again thank you. His mother.

Bob Murray, former city councilman and prominent local business man, and Les Wright of Miller's Bicycle Shop, passed their blood tests at Indio last week and have been ordered to report in Los Angeles next Wednesday, August 5th, to take their physicals.

Mr. and Mrs. Charles N. Bosworth write that their son, John Briggs, is now with the army at Camp Cooke, California. John Briggs is well known in Palm Springs, having been connected with the El Paseo Market for the past several seasons. The Desert Sun is being sent to him weekly as it is to other boys in the service.

In a notice from the public relations office from Ft. Lewis, Washington, it is revealed that Corporal Chester M. Preston has been promoted from corporal to staff sergeant.

Pvt. Benny Ward was recently made a corporal. He is now serving with the army in Alaska.

Joe Omlin, Jr., who is with the

Coast Guard was recently transferred to Gold Beach, Oregon.

In a note received from the Red Cross this week, Mrs. Esther Shultz was informed that her husband, Pfc George "Pancho" Shultz, arrived safely at an overseas port.

Pancho owned and operated the El Encanto Linen Shop here last season. His wife is now working at the Torney General Hospital.

Pvt. Donald Gorman has been transferred from San Luis Obispo to March Field.

## POPULAR VILLAGE MINISTER EXPECTED BACK IN SEPT.

According to a letter received from Dr. J. R. Macartney this week, the well-liked pastor of the Palm Springs Community church will return early in September.

Rev. Macartney writes from Bellingham, Washington: "I complete my preaching engagements up here the last Sunday in August and return at once to Southern California."

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

Men are dying for the Four Freedoms. The least we can do here at home is to buy War Bonds—10% for War Bonds, every pay day.

(Political Advertising)

# VICTORY

WILL BE OURS IN THIS WAR!  
WE ALSO MUST WIN THE PEACE!

Pick a Man With Constructive Ideas  
To Help in This Vital Responsibility!

N. E. West, for eight years Orange County's foremost Supervisor, has proved in hundreds of ways his sound and constructive ideas. Here are a few of his wise money-saving ideas and projects:

He fathered Orange County's Airport, now improved with \$500,000 of Federal money; he sponsored the program and guided arrangements whereby the U. S. Army took over the \$16,500,000 flood control and water conservation work at no cost to local tax-payers; he promoted "access roads" worth more than half million dollars with minimum cost to local government; he won fight for elimination of 40-cent road tax, saving taxpayers \$400,000 annually. Consider the size of these projects he has handled as a Supervisor. They equal in cost and construction, and in some ways go far beyond efforts of many Congressmen in service to their districts. And remember this was done as a County Supervisor.

Inefficiency in county government was overcome by his insistent fight for better conditions, more pay for workers, less waste. Orange County's 88-cent tax rate, about the lowest in the State, indicates the success of Supervisor West's efforts for economy.

This leader of the people is ready now—and able—to represent our new district with the same vigorous, forceful, fighting zeal. The same intelligence that has brought so much improvement and saving of money to his county can be applied to the three counties comprising the new 22nd district.

Your vote on August 25th will assure the transfer of this fine leadership from his county to the new 22nd Congressional District.

N. E. West's mind, heart and efforts are employed for the plain people.

★ ABLE ★ FEARLESS ★ PROGRESSIVE

## Cathedral City

By W. R. HILLERY

"There was a young lady of Niger,  
Who smiled as she rode on a tiger.  
They returned from the ride,  
With the lady inside,  
And the smile on the face of  
tiger."

That is the first of a collection of limericks in one of dozens of books donated to our Cathedral City Free Library by Mr. and Mrs. Victor F. Newman of Alhambra. In addition to the books, technical, fiction, etc., they gave fifty odd consecutive copies of National Geographic all in excellent shape. The Newmans are property owners here and we hope they can come to the village of their choice to live. May I thank you on behalf of the library committee.

And while we are in the thanking business we should extend thanks to Mrs. Sarah Hudson, aunt of our Marguerite, for a number of books which she also donated to the library while on our recent all too short visit to Hollywood. I suppose I should say a few words to clear up rumors.

For many months our little family had looked forward to visiting at the Hollywood home of those most delightful aunts and then I had no more than arrived there than I felt the let-down from the active pace we have maintained on the desert and longed for less heat and more quiet than the big city afforded, so I unceremoniously packed off to Thomas mountain and lounged around in the cool of those fine old pines for the rest of my long week's vacation.

Now, getting back to that limerick, I finished reading Willard Price's "Japan Rides the Tiger," and you come to understand the title as originating from a Chinese proverb which in turn is graphically explained by the limerick. And the book is most interesting and if you want to supplement the book with an authoritative article on Japan read Price's contribution in the new National Geographic Magazine.

"Even for the rebuilding of the temple the schools must not be neglected." Our Semetic friends will readily recognize the quotation as taken from their Talmudic writings. I read the above in a Brisbane article after a most interesting talk by Supt. Katherine Finchy of the Palm Springs elementary schools. Miss Finchy,

always busy, is spending her vacation on the Westwood campus of U. C. and taking such courses as best suit her duties in the Desert School district's ever-expanding school system.

Conversation finally turned on the subject of male personnel of the schools to the military. It appears we agree that in times of national emergency the system of drafting is the only system for the government to follow. If we ran the risk of losing the war because the teachers failed to enlist then it would be a different matter, but our school system is vital and the youngsters can't wait for the war to end. They do not mark time in growth or learning and must be served now.

Claude and Edna Cobb took over the responsibility of rustling the personnel of observers for the aircraft warning service post the past week. From the list of new names on the roster it is evident the move was a good one and should be repeated. New names are Mr. and Mrs. G. E. Gibson, A. W. Dodd, Mrs. Price, Miss Hayes, E. E. "Jack" Page of the Brittain Ranch, and Mr. and Mrs. Humphries of the Lake Ranch.

The Army is wise, for, effective August 1 the responsibility of the state in sponsoring the Ground Observation Corps ceases and while the corps will continue as a voluntary civilian arm of the Army it will be tied more directly with the Fourth Fighter Command. This country can't lose so long as there are people like those we have here on the desert, few in numbers, who take the terrific beating of hot weather and still carry on. This post has been manned every minute of the twenty-four hours of each day since Pearl Harbor.

While in the San Jacinto mountains we met in addition to Miss Finchy, Christina Lillian, Mrs. Jo Higgins, Mrs. Laura Carey and daughter, Eileen, Mr. and Mrs. C. M. Geffert, Slim and Alphamay Larrison and Agnes Pelton.

From Glen Aulin in the High Sierras, E. J. Wheeler writes they are very busy and are having a wonderful season. The season there is short because the camp is near the 9000-foot mark and the Wheelers will be back early to reopen their Totem Pole Cafe.

With civilians in greater number than usual and soldiers pausing in the village we are fortunate in having a place to get a light lunch. Mrs. Jo Higgins has maintained her Date Shop with its counter and miscellaneous merchandise and last week the Cruncletons reopened their box ball bowling place, serving light refreshments.

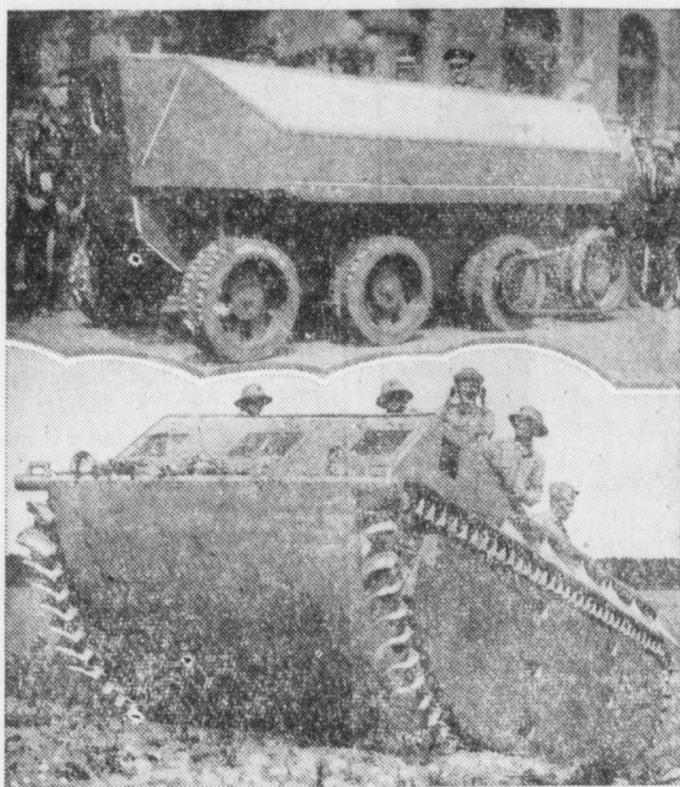

While this correction is two weeks late it is still in order. I mentioned the fact that Mrs. Wm. Koch's mother, with a friend were visiting in Cathedral City. Mrs. Koch's mother is Mrs. Mabel Burrell of Los Angeles, and the friend is Mrs. Isobel Dutton of Boise, Idaho, mother of Mrs. Ivan Milligan. The mothers of these young women are indeed old-time friends. Mrs. Milligan went into Los Angeles for a short stay when her mother returned to the city. Mr. and Mrs. Koch are leaving for Los Angeles.

Dr. and Mrs. E. H. Brandt are spending a few weeks on the Las Arenas Ranch of the J. R. Burns family while the latter are vacationing.

Wm. Carey and Robert Higgins are home from a wonderful two weeks spent at Camp Emerson, Boy Scout camp near Idyllwild.

We saw Mr. and Mrs. J. J.

## Old and New Amphibian Tractors

In 1924 the late Major General Smedley D. Butler drove a new amphibious tank, top, which the U. S. Marine Corps tested on West Indies maneuvers. He believed the device had great military value. Bottom, Leathernecks today have a force composed of amphibian tractors like the one pictured here.

## "I Rise to Remark"

By SENATOR JOHN PHILLIPS

Why does this column emphasize the milk situation in California; there is danger of boring readers by too much emphasis on one subject. I also admit quite frankly that the writer never owned a cow, and could not milk one if he had to, even though he will never forget the classic reply to Senator Peter P. Myhand of Merced, to the Governor's charge that he was a "reactionary," on which occasion Senator Myhand, a sturdy son of the South, rose and remarked that "HE still milked his cow on the RIGHT side."

The reason is that this is not only an example of what is happening and will happen to many agricultural products, but because milk is unquestionably the most important food product we have. It is so important that there is constant thought of declaring milk a "public utility" and regulating it for the benefit of both producer and the consumer, just as power companies and gas companies and railroads are "public utilities," regulated by the California Railroad Commission so far as their methods of business and their rates are concerned.

Last fall, the Secretary of Agriculture asked the nation for an increase in dairy production to a total of 125,000,000,000 pounds of milk during the current year, 1942. To put this in simpler figures, the secretary asked for an increase of 12% over the 1940 production, and an increase of 7% over the then estimated production for 1941. He said that this was definitely necessary to maintain an adequate supply of milk products, not only for our own use, but for lend-lease shipments.

I rise at this point to remark that we should also keep in mind that the secretary said, at that same time, that food will help

Grove in Los Angeles and they were both looking tops.

Dr. E. M. Harvey was here from Pomona during the weekend. Mrs. I. Jacobsen is due back from a vacation at Idyllwild.

We just learned that Chester Ide feels that he cannot continue the sanitary service here because of the defense work he is engaged in. While it's a side issue job it's well worth the time of somebody. For details see C. S. Cobb, president of the local Chamber of Commerce.

Why not launch a fire district which we need badly and combine the duties in one man of fire, police and sanitation. It will be a job with a living when the war is over and the fantastic wages are no more and the boys are back looking for jobs.

## Newlyweds Make Home Here

Saturday, July 25, at Yuma, Arizona, Miss Irene Marshall of Dallas, Texas, became the bride of Pvt. Laurence A. McDonald. The young groom is stationed at the Torney General Hospital.

Best man was Pvt. George A. Washa of Ft. Sam Houston, Texas. Through the courtesy of Captain Witter of the hospital, the young couple enjoyed a pleasant day at Yuma.

They will be at home at 1245 North Indian avenue, Palm Springs.

win the war and help write the peace.

He asked for an additional production in California, to increase our quantity to 5,100,000,000 lbs. of milk, which would represent an increase of 16% over 1940, and an estimated 14% over the then known figures of 1941.

Goals were established for the various counties in California for 1942. These goals were established in terms of milk fat rather than in pounds of milk. The goal represented an increase of 10% over the revised estimates of 1941. It was thought then that the increase in 1941 over 1940 was about 8%, but recent figures have shown that this increase was only 2.42%. This in itself is important.

Now read these figures. For the first three months of 1942, butter production was 16% LESS than during the same period of 1941; evaporated milk production was 11% LESS, and only cheese and powdered milk had increased, each one increasing about 20% over the year before, which is not important here.

In fluid milk, with which we are most interested, January 1942 showed an increase over January 1941 of only 67%. There was a slight increase in the use of fluid milk, over other dairy products, but this is only indirectly interesting to us at the moment. The Los Angeles market, showed a DECREASE of 4%, in the total production of milk in January 1942 as compared with January 1941, even though they had an increase in the use of fluid milk.

At that time there were 8,700 dairymen in California. Information placed before the Senate Interim Committee on Economic Planning, of which Senator Robert W. Kenny of Los Angeles and I are the members, shows without question that herds are being reduced or sold. This is partly due to the difficulty of getting milkers and workers, partly because some draft boards do not recognize trained farm workers, and particularly trained milkers, as entitled to special consideration, partly because of the inability to get understanding from Washington in matters of farm equipment, and partly because of the increasing realization of the difficulties of getting feed. This last matter seriously concerns me. There is an attitude among some dairymen that there is no danger of a milk shortage in the Los Angeles area, because this threat has appeared in previous years, and has always been met by an increased importation from the rich dairy areas of the San Joaquin Valley. I wonder if it has occurred to these optimists that there may be shortages there!

This discussion will be continued in this column next week.

## 16-Pound Letter From Buddies at Home Pleases Hospital Soldier

Many soldiers may boast having received letters signed by scores of townfolk or former fellow-workers. But today Technical Sergeant Robert T. Willock, mess sergeant at Torney General Hospital, received a "letter" weighing sixteen pounds.

Sergeant Willock hails from a little town in Northern California where everybody works in the local lumber mill. When the day's job is done, or when weekends roll around, everyone grabs rod and reel or shotgun and flocks to the Shasta Mountain streams and woods.

"Oh, it's wonderful hunting and fishing," the mess sergeant relates when his charges have finished evening chow. "Boy, what I'd give for a few days back at our favorite hunting grounds!"

Tuesday morning he left the kitchen for a moment to check on some papers in his office, and there propped up on his desk was the "letter." It was a huge slab of Ponderosa Pine, and it was inscribed as follows:

"Will the finder of this please send it on to Sgt. R. T. Willock at the U. S. Army Hospital in Palm Springs."

"Dear Bob—In your spare time you can grade this piece out and then sand it for a bread board. You have never seen the fishing so good as it has been this year. Bucks? Why you have to beat them out of the Victory gardens with a club. Horns all over the place. And the bears! They're already looking the cans."

It was signed by more than thirty lads who worked, hunted and fished with him in other days. It was signed "Pot-shot," "Slim," "Swede," "Bill the Fish," "Doc-slayer," "Mud Lake Sunshine" and "The Puncher"—names men call each other when they've bagged an eight-point buck and fished together.

And how was it delivered? Everyone in Palm Springs knows that carloads of lumber are coming in daily for the huge construction job at the hospital. The lumber is unloaded at Garnet. One of the drivers brought the message in the cab of his truck.

Sgt. Willock says he has enough bread boards; but it isn't every soldier that has a piece of "home" sent to him in a letter.

## Marcus Cafe Gives Two Boys To Service

Marcus Cafe, that charming Mexican eating establishment on North Palm Canyon Drive, will have two stars in its service flag when John Lopez Villareal enters the U. S. Marine Corps next Tuesday, August 4.

Johnny is the friendly, plump chap who prepares those justly famous Mexican dishes at the cafe. About a month ago he took and passed his physical and enlisted in the Marines. After being sworn in, he was told to return to Palm Springs to straighten out his personal affairs and to report back at Los Angeles August 4 to commence active duty.

Johnny is married and has been with the cafe for nearly two years.

The first star on Marcus Cafe's flag represents handsome Gilbert Alfonso Garza, who entered the Army Air Corps in April and is now stationed at Amarillo, Texas. Gilbert writes friends in Palm

## PENNEY'S Thrift and Savings

J. G. PENNEY CO., INC.

### Banning

Prepare for Winter! Use Our Thrifty Lay-Away Plan!

PRUDENCE IS THE MARK OF A GOOD AMERICAN

The prudent American budgets his income... and plans ahead for his known needs. He does not wait until the last minute... and then buy hastily and unwisely. If you are going to need a good warm coat this winter, plan for it by reserving a little out of each week's pay. Buy the best quality you can afford. That is true prudence. Thus a share of each pay will still go into war stamps and bonds. Our Lay-Away Plan is a big help in such budgeting.

THRIFT AND SAVINGS FOR VICTORY

operators. In Palm Springs they have managed Wayside Inn, and last year had charge of Los Arboles.

Mira Monte was leased from the owner, Lieut. Harry Plymire, now on duty in the Army. He had made extensive enlargements during the past two years.

Mr. and Mrs. Wright recently returned from a six weeks trip which took them to Mexico City and to Indiana and Kansas, where they visited with friends and relatives. Returning via San Francisco, they visited at the Presidio there with their son, Billy, Jr.

Mr. Wright is one of the foremost real estate brokers of Palm Springs, and will continue in this capacity in his offices on North Palm Canyon Drive.

## Car Stamp Law Enforced in S. C.

Warning was issued today by Nat Rogan, collector of internal revenue for Southern California, that strict enforcement of the Motor Vehicle Use Tax law is planned by his office in the immediate future. Persons failing to purchase the \$5.00 Federal Auto Stamp will be subject to all penalties provided by the Act.

Conferences are now being held in Los Angeles to determine the exact date on which a survey will be made of all Southern California automobiles with a view to determining those cars which do not have the red auto stamp affixed.

## Church Wedding . .

of the bride; Marian Swanson, the bride's cousin from Visalia; and Miss Helen Hall of Covina. The bridesmaids wore pink organza and carried pink sweet-peas.

The cute little flower girl was also a cousin of the bride. She was lovely little Janice Ford of Los Angeles, who wore a long dress of pink organza.

The groom and his best man and three ushers were fraternity brothers at U. C. L. A.

The musical portion of the ceremony included two vocal numbers and a 'cello solo.

At the charming ranch home of the bride's parents at Covina, a reception was held immediately following the wedding.

The bride is a graduate of Palm Springs high school, and both she and her husband graduated from U. C. L. A. Mrs. Twombly will teach at Temple School, south of El Monte, this coming winter.

The Rev. H. H. Hocker, pastor of the Covina Methodist church, assisted with the wedding.

## SHEPTENKOS VACATION AT SAN DIEGO AND CORONADO

Mr. and Mrs. Peter B. Sheptenko spent last week at San Diego and Coronado. While at Coronado the prominent local realtor found many Palm Springs winter residents who were looking forward to coming back here for the winter season.

## YOUR CAR How to Get the MOST out of It

### MORE TIPS ON DRIVING

Your car was built to "take it." Even so, it thrives best on kind treatment. Tests indicate the following driving techniques prolong the useful life of a car:

Don't give the engine more gas than it can digest.

Don't accelerate too rapidly.

Frequently, the only result of an extra burst of speed is extra pressure on the brakes a moment later.

Don't drive fast unless you're really in a hurry—and even then stop to think if the time saved will be worth the extra wear on tires and motor, the extra cost of gas and the increased chance of accident.

Slow down before entering a curve. Then accelerate, but not too much. Your tires don't have to "squeal" to be unhappy on a curve.

Slow down on rough roads. Your springs may be able to take it, but your tires can't.

Don't stage a climbing test on every hill. Your gears are there for a purpose.

Don't coast downhill. It's poor economy. The cost of wear on brake linings is likely to exceed greatly the amount saved in gasoline.

## Torney General . .

(Continued from First Page)

picked up on the spur of the moment. Evidently they found some pretty strong bowlers; for when the smoke and heat of battle had cleared away, the officers were on the short end of a one-sided score.

Making up the officers' team were Lieutenants Ward, Barr, Imier, Wanat and Daily.

Town boys bowling were Don Wilcox, Mac McCutchen, Bill Goodridge and two others.

The hospital now has a dentist. He is Major Willard L. Nielsen, army dental corps, who arrived July 23 from Ft. Lewis.

### Visited by Son

Lieut. Col. Louis Birsner of the hospital staff and Mrs. Birsner were visited by their son, Jack, and one of his friends over last weekend. Both in the army, the two boys arrived Friday night from Camp Cooke, where Jack Birsner is attached to the headquarters company of the 5th Armored Division of Trains.

Col. Birsner's son has had an interesting career for a young man in his early twenties. A former journalist on a St. Louis daily newspaper, Jack was employed by the Industrial Bank of St. Louis just before he entered the army. He is a graduate of the University of Missouri School of Journalism and has also earned his master's degree. Young Birs-

ner was in Paris, France, when the war broke out and was in that city when it was bombed. A scholarly chap who is always eager to learn something new, Jack is now in the radio school at Camp Cooke.

### Returns To Cool Off

Declaring she just couldn't possibly stand the unbearable, depressing heat of her home state, Mrs. Lloyd Matlock, wife of Lieut. Matlock, popular young officer at the hospital, arrived back yesterday from a visit with

her mother in South Carolina. Mrs. Matlock, who was called to the Southern state a few weeks ago by the illness of her mother, said she was glad to be back again to enjoy the cool breezes of Palm Springs. Her mother is much improved. (Mrs. Matlock: Don't look now, but we think the chamber of commerce or Col. Birsner had something to do with the publicity plug for Palm Springs' summer weather. Ed.)

## "Dugout"

By RUTH SUMMERS  
Friends continue to bring gifts. The donor of brilliant zinnias visited the Dugout again and brightened the room with a gay bouquet. Mrs. Adeline Williamson kindly brought in two ping-pong paddles to replace the handleless ones which two ardent Mirador enthusiasts have been patiently using. Could someone have told Mrs. Williamson? We are glad the thought fell in fertile soil. Some books and a game were added to our equipment by Mr. Parker.

### Lending Library

Incidentally, we wish it to be known that our books form a lending library from which books are constantly borrowed, and often boys spend entire days reading in our cool room. So bring in any worthy books. Non-fiction is often sought and every type of fiction is read. The boys have good taste, enjoying the finest literature as well as the light novels.

They enjoy good music too and have been blessed by the visitation of a wonderful voice, which has been flooding the Plaza and the Dugout with song every morning during the past week. Mrs. Charles O'Brien, wife of Lieutenant O'Brien of the third armored force, is the fortunate possessor of this voice, and we are fortunate in that the possessor loves to sing. As the true and rounded notes flow from her throat, no one could doubt but that joy is the master of the ceremony.

Mrs. O'Brien also gives time to the Dugout in the capacity of hostess as does her friend, Nell Eckert, wife of Lieutenant Eckert of the third armored force.

### Ladies in Charge

Mrs. Harold Lineau found that preparations for a summer vacation necessitated her resignation as chairman of hostesses. Her place is being aptly filled by Mrs. Frank Doro, village resident for many years.

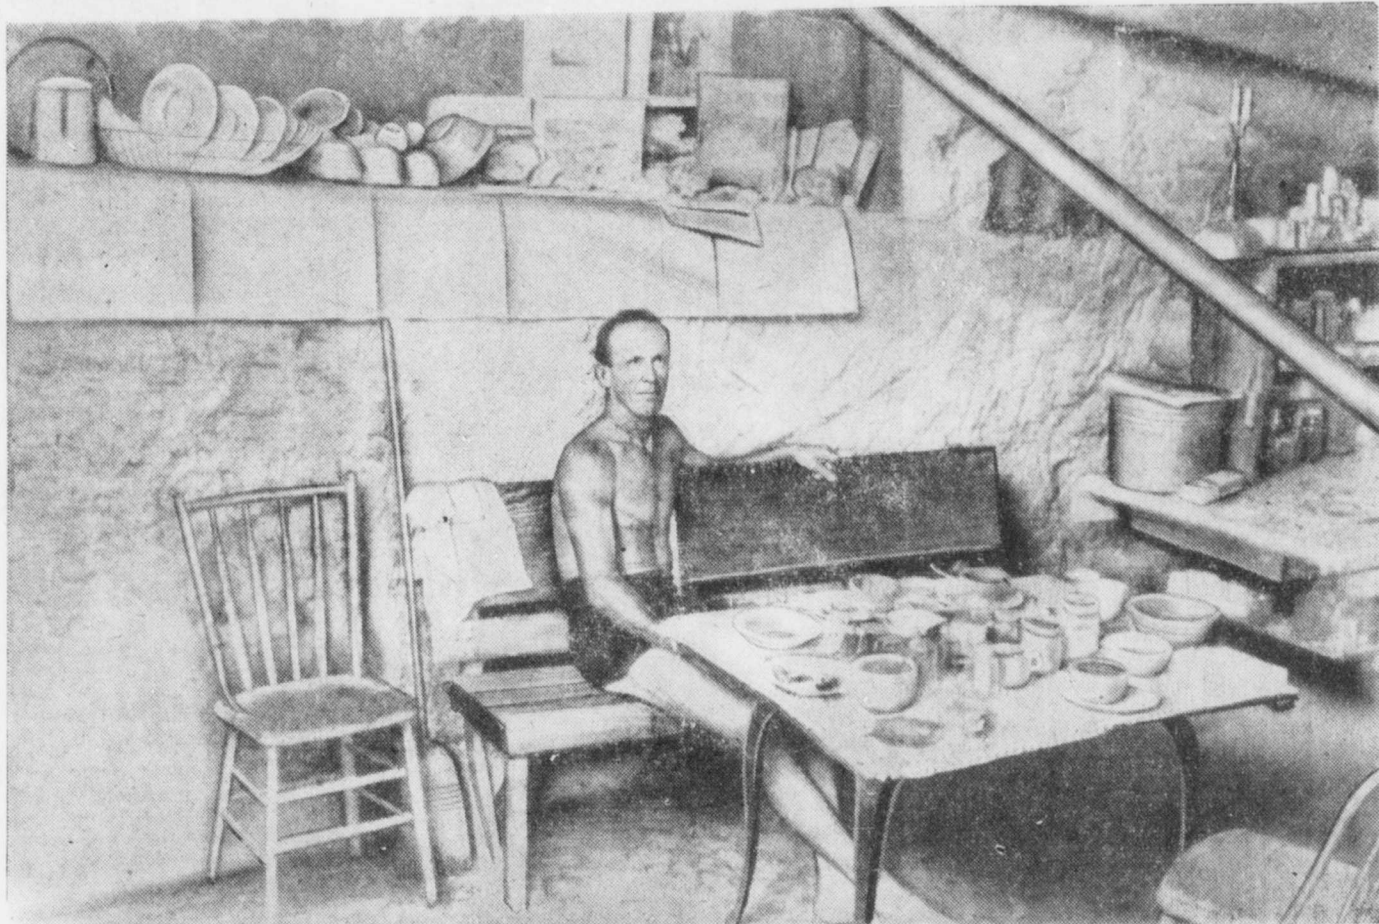

Mrs. James O'Reilly plans to recapture some of the beauty surrounding Tahquitz Lodge near Idyllwild where she has previously spent many pleasant vacations. Mrs. Edmark, wife of Lieutenant Edmark, a morale officer in the third armored force at Rice, is filling the position of canteen hostess vacated by Mrs. O'Reilly.

Dugout habitués and hostesses alike are regretting Mrs. O'Reilly's imminent departure; certain they will miss her vital presence but she assures them that Mrs. Edmark's charm and efficiency bears out the old adage that there is always someone to take the place of another.

### Hostesses Leave

Many new hostesses have stepped in to take the places of those leaving on vacations, and those who have left permanently. Mrs. Sanard left with Chief Lyle Sanard to spend a month on a fishing trip. Mrs. Fox, Mrs. Barclay

## Caveman in Underground Quarters Wrecked By Blast

Frank Kritzer, or Critzer, desert hermit, who killed himself with a blast of dynamite when three deputies tried to question him about missing dynamite.

### Sleeps in Alley; Wakes Up in Jail

Going around with a \$25 suspended fine hanging over his head as the outgrowth of a drunk charge in Palm Springs court is Emmett Stelhorn, 31, Arizona laborer.

Stelhorn was arrested here last Sunday by Officer Johnson in the alley alongside the Ellis Ready-to-Wear store on East Andreas Road. According to police, the laborer was drunk and had passed out completely in the alley. He was sound asleep on the ground with a half empty glass of beer by his side.

When he was awakened by police, Stelhorn was found to be too drunk to be on the streets, so he was taken to the police station and confined in jail on a drunk charge.

When brought before Judge Guy Pinney on Monday, July 27, Stelhorn was fined \$25. The fine was suspended on condition he leave Palm Springs immediately and remain away.

and Mrs. Grevenberg bid farewell to their many friends and left for their homes in the South. The Dugout records them as friends, and lauds the fine work they so cheerfully performed for the enlisted men visiting the rooms maintained for them by the American Legion and citizens of Palm Springs.

## F.B.I. REVEALS KRITZER UNDER INVESTIGATION BY THEM FOR SOME TIME

Cave Home First Searched in 1941  
By F.B.I. and Other Officers; Flares Reported Seen Above Desert Airport

Federal Bureau of Investigation officials at San Bernardino have now revealed that their investigations of Frank Kritzer, or Critzer, (police believe the name is Kritzer, although he used Critzer), the desert recluse who early Saturday morning killed himself and attempted to kill three members of the Riverside county sheriff's force residing in Banning by blowing up his cave house on the Mojave desert north of Twentynine Palms, began back in 1941. At that time a party searched Kritzer's quarters and found no explosives or flares.

The officers kept secret their investigation, which ended abruptly when Kritzer touched off the explosives, which blew him to bits, severely injured Deputy Sheriff Claude McCracken and slightly injured Deputies Harold Simpson and Fred Pratt, who had gone to his rock home to question him about the theft of gasoline and dynamite in Whitewater, Garnet and the San Geronimo Pass, particularly of the theft of dynamite and gasoline from the Southern Pacific station at Garnet.

### Flares Seen

Behind the weird suicide is a story of mysterious flares, visible at night for miles across the desert. One of the reports came from a guard at the army glider school at Twentynine Palms, some 20 or 30 miles south of Giant Rock, named from the rock in which Kritzer had hewn his three-room home. There were other happenings, which puzzled travelers and desert people who called at the rock home.

For weeks, F.B.I. agents, army intelligence officers and members of the San Bernardino county sheriff's force had watched Kritzer from the hills above the dry lake where he had built an airport and sold gasoline and food-stuffs to flying parties landing there. It is reported that army bombers often landed on the field.

Officers searched the rooms of the Kritzer cave home some months ago but found no dynamite. They are now checking records of the sales of explosives to determine, if possible, whether Kritzer came into possession of the explosives legitimately.

The three officers, who went to question Kritzer, were saved from death only by the fact that the connection with part of the dynamite stored in the rock home were apparently faulty. Officers who searched the rock chamber after the explosion found a cache of 170 pounds of dynamite, all wired with copper wires which had apparently been connected with the detonator with which Kritzer set off the dynamite, wrecking the interior of the rock home and causing his death. Kritzer's cave home has been visited by a number of Palm Springs people by airplane and car.

EDWARD H. PAINE  
MICHIGAN CITY, INDIANA  
1942 PRESIDENT 1943  
LIONS INTERNATIONAL

## New President of Lions Club Hails From Indiana

Edward H. Paine of Michigan City, Indiana, was unanimously elected president of the International Association of Lions Clubs at its 26th annual convention in Toronto, Canada, which closed July 24. Paine succeeds retiring president George R. Jordan of Dallas, Texas.

Paine congratulated the past Lion officers on the year's achievements outlined in the annual report of Melvin Jones, founder and secretary general of Lions International, which indicated that the Toronto convention climaxed the Association's greatest year in achievement and in strength. The report showed that the addition of thousands of new members and 340 new Lions Clubs—more than one new club for every week-day in the year—brought the total membership of Lions International to 147,909 and the number of clubs to 4,200, and that a large number of the clubs' 64,995 activities were direct contributions to the war effort.

The new Lion president is a member of the Michigan City, Indiana, Lions Club, in which he has held many offices. He is a

## U. S. O.

By RUTH SUMMERS

Last Thursday night USO Hospitality House held a new interest for the boys in the persons of two hostesses, and their music. As the moon approached the dark hills and shone upon the pool, Mrs. Fox, surrounded by a group of soldiers, strummed her guitar and sang folk songs of Louisiana and many other old American favorites which the boys joined in singing.

At the piano in the club room Mrs. Charles O'Brien, wife of Lieut. Chas. O'Brien, sang unstintingly, offering her portfolio to the boys, and rendering any number they selected. Her music fills so great a need, she has agreed to be present every Thursday night to offer her music to the boys whose enjoyment was apparent and gratifying.

Several young lieutenants' wives, newly arrived in town, will assist as hostesses on that evening.

### Many Come Saturday

Saturday night supper was served to the enlisted men, followed by the showing of some colored slides by Mr. Taylor. One of the features most interesting to many of the men was the portrayal of El Mirador in its former splendor, flowers gleaming along the garden walks, gay people bathing in the pool and traversing the grounds in holiday mood. Now El Mirador stands humbly submitting to revamping, that it may be worthy the name of Torney Hospital and serve the country even as so many of her former guests are serving.

General Walker of the Third Armored Division was interested in delving into the entertainment facilities of Palm Springs USO Saturday afternoon, which resulted in the arrival of many of his men on Sunday to take a dip in the refreshing waters of the pool, play a game of tennis or pool and imbibe some of the famous ice cold orange juice which appeared to flow in never ending stream from the juicer. No one seems able to estimate the number of men who visited USO Sunday. It was just full all the time.

### Officers Visit

Tuesday is proving ever more popular as a day for officers, their wives and families to convene at the Hospitality House. Many new faces were seen among the ladies and children who swam during the afternoon. Mrs. Jones and Mrs. Birsner as usual formed the center of an interested group. In the evening the hostesses were interested in meeting Chaplain Hayes from El Mirador who came in and chatted with some of the boys just before dips, and of course Colonel Selinger and Major Blair did not forget the occasion, their presence as always affording pleasure to the assembled guests.

As this goes to press we regret that our readers will have to wait another week before reading the high lights and escapades of the Congdon aquacade.

Don't forget, each Wednesday night, open house for enlisted men and their families.

## Big Salvage . .

(Continued from First Page)

such as old worn-out stoves, water heaters, etc., which are too large to put in the salvage container, they can be placed on the ground right alongside the garbage can and the salvage container.

### Follow Instructions

As the waste disposal department is operating with a curtailed summer crew of men and is making no charge for collecting the salvage, localities are asked to make it as easy as possible for the collection men by cooperating in following the instructions set forth in this article. Please do not throw your salvage in a pile on the ground, and do not phone for it to be hauled away at some special time. Put the salvage in a container, and it will be hauled away at the regular time your garbage is collected.

Housewives should turn in their kitchen greases at the meat markets.

Dr. Macartney said that many local civic organizations would be called upon to assist in the drive.

### We Must Do Our Part

"An increasing number of boys from this city are already seeing active service," he said. "We on the home front must see to it that industry shall not lack the materials needed for adequately arming and equipping them."

"Every housewife can play an important part in this drive. She should carefully inspect all of her house furnishings—to find out what equipment she has that has outlived its usefulness."

"An old iron pot or a knife in the kitchen, the steel springs of an old upholstered chair in the attic, some discarded pipe or heating equipment in the cellar, unused wire clothes hangers in a closet—these are a few of the items that will provide pounds and pounds of scrap."

"Waste kitchen pots, and rubber, are also needed badly and should be turned in."

"Please get out this scrap—and get in the scrap."

Not everybody with a dollar to spare can shoot a gun straight—but everybody can shoot straight to the bank and buy War Bonds. Buy your 10¢ every pay day.

# FERRY COMMAND NEWS NOTES

Construction is proceeding rapidly on the new buildings at the Army Ferrying Command post. First structure in the building program to be completed will probably be the mess hall. At present the personnel at the Ferrying Command are taking mess at the Amado Cafe in the village.

Twelve men from the Palm Springs detachments of the Ferrying Command have been checked out and qualified as flight engineers on Consolidated B-24 four-engine bombers. All 12 will make ferry trips in this type of aircraft in the near future. The men are Staff Sgt. Albert E. Dade, Sgt. Sid E. Homan, Sgt. John Horn, Sgt. Harry C. Jones, Sgt. James E. Wilson, Sgt. Warren L. Zanutto, Cpl. Melvin C. Capper, Cpl. Lawrence E. Stevens, Cpl. Eli W. Tracy, Pfc Willis E. Norwood, Pfc Clifford R. Timberlake and Pfc Jesse J. Welch.

## Promotions Announced

A number of promotions were made recently out at the Ferry

# Freeze Order Lifted On New Bicycles; Now Being Rationed

The Palm Springs War Price and Rationing Board now has the information and blanks for the rationing of new bicycles. It was announced this week by Eugene Theriau, acting chairman of the board.

Eligible persons wishing to purchase bicycles should appear before the rationing board during one of its regular meetings, Monday and Friday afternoons from 3:00 to 5:00, to state their cases and fill out the necessary forms.

The local rationing board has been notified the government is sending some much needed equipment for its office at 482 North Palm Canyon Drive. This includes a typewriter, table, desk, swivel chair, stenographer's chair, filing cabinets and eight straight-back chairs.

Command. The men earning the promotions and their new ranks are as follows: Cpl. S. E. Homan to sergeant; Cpl. J. Horn to sergeant; Cpl. M. M. Smith to sergeant; Pfc J. R. Cole to corporal; Pfc N. B. Koblinkski to corporal; Pfc C. R. Pickett to corporal; Pfc J. W. Plaza to corporal; Pfc G. F. Presnell to corporal; Pfc L. E. Stevens to corporal; Pfc J. M. Guinn to private first class; Pvt. D. B. Burris to private first class and Pvt. W. E. Norwood to private first class; Pfc E. W. Tracy to corporal; Pvt. C. J. Woodard to corporal.

Another Ferrying Command officer has been stationed in Palm Springs. He is Second Lieutenant Francis G. Jamison, who is the new operations officer. Lt. Jamison was called up from the reserve on July 17 last year; and since that time he has served at Stockton, California; Luke Field, Arizona; Albuquerque, N. M.; and at Long Beach. The lieutenant arrived in Palm Springs on July 26.

## Gets Stork Call

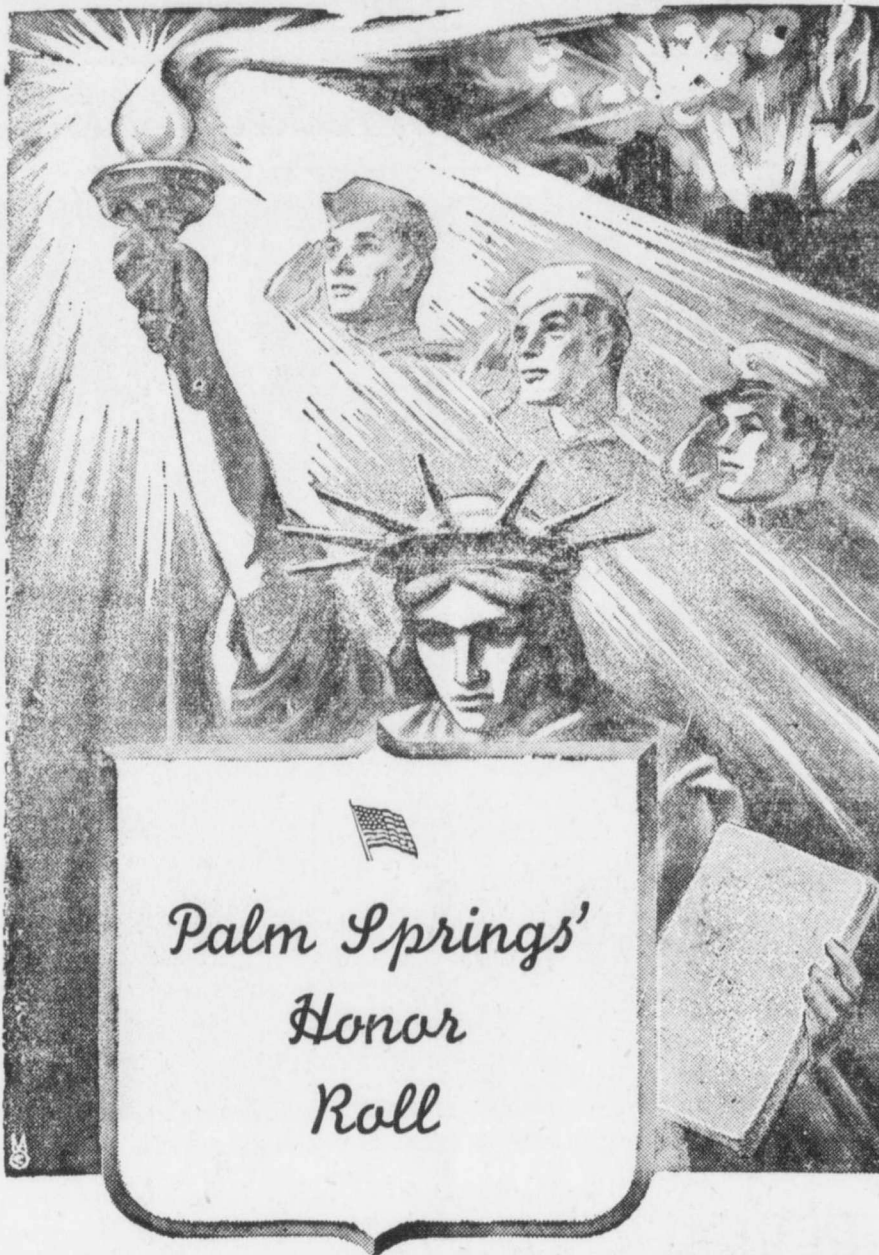

Called home by an impending blessed event, Pvt. Roy R. Williams has been granted a 15-day furlough to go to Motley, Minn. Papa Williams wanted to be near when the stork calls on his wife, which will be any day now.

The medical detachment at the Ferry Command camp is growing. Corp. Jack W. Price arrived here Monday to serve under Lt. Meyer M. Mandel, who is the medical officer on duty at the post.

An ambitious young fellow is Cpl. Norbert B. Koblinkski, who recently went to Los Angeles to take examinations for entrance into an army aviation cadet school. According to reports, Cpl. Koblinkski passed with flying colors and will soon be leaving for training, probably within the next 60 days.

## Commander Goes East

Lieut. Paul W. Herbert, commanding officer of the Palm Springs Ferrying Command detachment, left recently on another ferry trip to the East. He was accompanied by Pfc Clifford R. Timberlake, who served as crew chief on the two-motored bomber being ferried. Lieut. Herbert thinks the trip will take four or five days, and then he will return to Palm Springs.

(The above is only a partial list of the Palm Springs men now serving in the nation's armed forces. If you know the names of any local men who have been left out, turn them in at The Desert Sun office and they will be added to the PALM SPRINGS' HONOR ROLL in the next issue of this newspaper. Also The Desert Sun will be sent free of charge to those whose correct address is furnished.)

## DEMOCRATS STILL PREDOMINATE IN CITY AND COUNTY

According to the registration figures compiled by County Clerk Gordon Pequegnat, Palm Springs has 116 more Democratic voters than Republican voters. The figures are Republicans, 662; Democrats, 738.

Pequegnat reports the registered vote for the August 25 primary election is about 6500 less than the record registration of November, 1940, general election. The total number of persons elig-

ible to vote next month is 47,878, as compared to 54,313 voters in 1940. The Republican party is growing in comparative strength, as the tabulation of 1942-1940 figures below shows:

	1942	1940
Republican	21,670	23,850
Democrat	24,287	28,183
Misc.	1,830	2,280
Total	47,787	54,313

The vote registration for the eleven incorporated cities of the county is as follows:

Palm Springs	Banning
Republicans, 622; Democrats, 738; total, 1501.	Republicans, 833; Democrats, 1038; total, 1933.

Beaumont Republicans, 429; Democrats, 773; total, 1238.	Riverside Republicans, 9649; Democrats, 7539.
Blythe Republicans, 274; Democrats, 518; total, 896.	
Corona Republicans 1371; Democrats, 1666; total, 3118.	
Elsinore Republicans, 527; Democrats, 436; total, 983.	
Hemet Republicans, 714; Democrats, 726; total, 1483.	
Indio Republicans, 283; Democrats, 538; total, 840.	

# Recondition Bowling Alley As Plans Are Made For Season of Big Activity

That loud buzzing noise heard off and on this week up in the vicinity of the fire station wasn't a dive bomber warming up, as many a villager who heard it must have thought, no siree. It was the hum of power-driven equipment as bowling alley experts resurfaced the alleys at the popular Palm Springs Bowling Academy owned and operated by Joe Henderson.

Henderson is having all alleys resurfaced and put in first class playing condition, and all the racks are being rebuilt. When finished, all 12 alleys will be approved by the American Bowling Congress.

At the same time the alleys are being reconditioned, the bowling academy is also open for business. Making this possible is the fact only six alleys are being resurfaced at one time. When the first six have been completed and are ready for play, then repair men will start on the second six alleys.

## Many Activities Planned

Henderson has some big plans for his bowling academy for the coming winter season.

To start the ball rolling, Ludie Britch of the Riverside Bowling Academy, former manager of the local alleys and a topflight kegler, will start about the middle of September coming down to Palm Springs two days a week to conduct bowling classes. These classes will be free and open to everyone.

Then sometime between the middle of September and the first of October, Henderson expects to commence league competition at the academy. This year there will be two leagues, one for service men's teams and the regular commercial bowling league. Service men and civilians wishing to bowl in league competition are requested to drop in at the bowling alley at their earliest convenience to sign up, as the teams are forming rapidly.

## Big Play

Local and army kegglers are packing the bowling alley these warm summer nights to enjoy a little healthful exercise in the refreshing air-conditioned atmosphere of the popular recreation center.

## Take House at Laguna Beach

Now enjoying the cool breeze at Laguna are Mr. and Mrs. Claude Yerkes. They took a house at the beach for the remainder of the summer and will return in September to open their La Mirada Bungalows.

# Seeks Uniform Dim-out Rules For Coastline

Seeking "the maximum safeguard against enemy attack with the minimum interference with private business and travel" along Orange county's coastline, Supervisor N. E. West of Laguna Beach recently presented a resolution to the Orange county board of supervisors, requesting military and civil authorities to draft ordinances providing uniform dim-out and black-out regulations and uniform enforcement.

West's resolution further called for circulating copies of such uniform regulations to newspapers within a radius of 200 miles, so that the traveling public may be apprised of restrictions, and enforcement thus facilitated.

Pointing to the lack of uniformity now existing in the five incorporated cities and other communities at or near the county's 40-mile coastline, West's resolution warned that there is prospect of "rigid and irksome" restrictions on travel because some have failed to comply with regulations laid down. Such restrictions would impose unnecessary business loss and public inconvenience, said the resolution.

It suggested the drafting of uniform ordinances for the municipal and rural areas by representatives of the five coastal cities, Captain H. C. Meehan of the California Highway Patrol, Sheriff J. L. Elliott, County Counsel Joel E. Ogle, and a representative of the U. S. Army.

## Grass Fire Damages Fence at Bill Residence

During the noon hour Tuesday a fire broke out in the brush and weeds at the rear of the Geoffrey D. Bill residence, 1162 Tamarisk Road, and had burned nearly 100 feet of rail fence by the time the fire department arrived on the scene. A few squirts of water from the big White pumper, however, soon had the blaze completely out.

According to firemen, the fire started in an incinerator in the back yard of the Bill residence, spread through the dry grass and weeds and soon was licking hungrily at the rail fence.

The fire was reported at 12:50 p. m.

## Stiff Penalty For Starting Forest Fires

Lieutenant General John L. DeWitt, commanding general of the Western Defense Command and Fourth Army, today called for the greatest alertness and the utmost in precautions in guarding against forest fires, pointing out that such fires damage not only forests, but may cause injury to

## Legal Notices

IN THE CITY COURT OF THE CITY OF PALM SPRINGS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA.

PALM SPRINGS BUILDERS SUPPLY COMPANY LTD., A CORPORATION, PLAINTIFF, VS. LOIS KELLOGG, JOHN DOE, JANE DOE, DOE COMPANY, A CORPORATION, DEFENDANT.

No. 118.

### ALIAS SUMMONS

To People of the State of California send Greeting to: Lois Kellogg, John Doe, Jane Doe, Doe Company, a corporation, defendant:

The above named plaintiff having brought action against you in the City Court of the City of Palm Springs, County of Riverside, State of California, held at Palm Springs, California, by filing a complaint therein:

YOU ARE HEREBY DIRECTED to appear and answer the said complaint within ten days after the service on you of this summons, if served within the county in which this action is brought; or within thirty days, if served elsewhere.

And you are hereby notified that unless you so appear and answer as above required, the plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the court for any other relief demanded in the complaint.

GIVEN under my hand and the seal of the City Court of the City of Palm Springs, County of Riverside, State of California, the 18th day of June, 1942.

(SEAL) GUY PINNEY, Judge of the City Court of said City of Palm Springs, County of Riverside. s48-4

### NOTICE TO CREDITORS

Estate of Ramon Manuel, Deceased. NOTICE IS HEREBY GIVEN, by the undersigned, Romalda Lugo Taylor, Administratrix of the Estate of Ramon Manuel, Deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers to the said Administratrix at the offices of her attorney, David Sokol, 707 Hill St., Los Angeles, in the County of Los Angeles, California, within six months after the first publication of this notice.

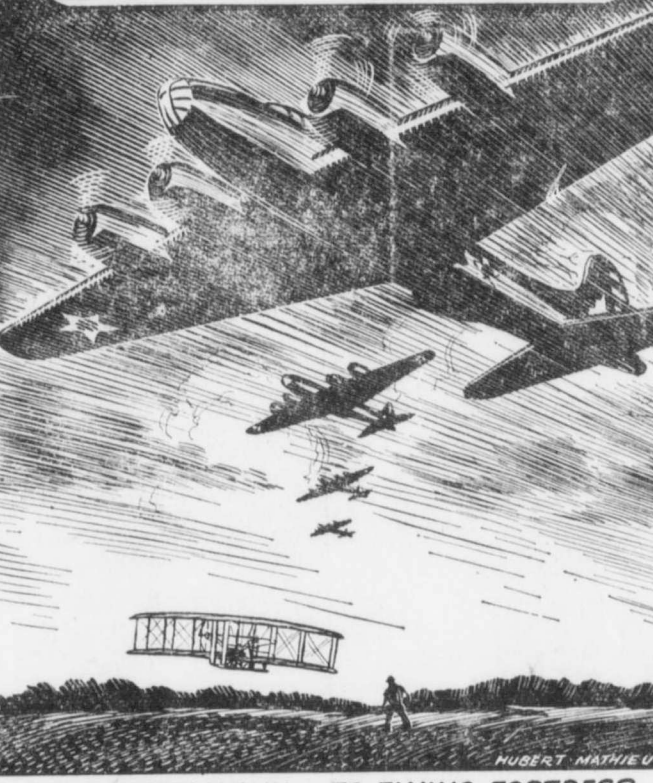

Dated at Palm Springs, California, July 22, 1942.

## Former Rodeo Queen Becomes Bride of Aviation Cadet

At a very simple but beautiful ceremony performed at 10:15 Sunday morning at the bride's home, Ramsey street, Banning, Miss Francilla G. Abbot, older daughter of E. R. Abbot of Los Angeles and Mrs. V. Gabriel Abbot, of Banning became the bride of Aviation Cadet R. L. Day, Jr., of the Ryan Air School in Hemet.

For the ceremony, which was performed by Rev. Hiram Crosby, vicar of St. Stephen's Episcopal church, the bridal party stood in front of an improvised altar which had as a background the flower-banked fireplace in the living room of the Abbot home. Tall spikes of white gladioli were used as a background and to form the altar.

The unusually attractive bride wore for the ceremony an afternoon frock of white silk on which was a pastel pattern. Her accessories were in white and pinned to her dress was a corsage of gardenias.

The bride's equally lovely sister, Miss Deborah Abbot, served as bridesmaid. She was attired in a silk print afternoon dress with white accessories and gardenia corsage.

The bride was given in marriage by her father.

Aviation Cadet John Gosnell of Ryan Field served as best man.

After the ceremony the guests crowded around the happy young couple to extend best wishes.

The bride cut the pure white wedding cake, which was served with punch.

After the ceremony, Cadet and Mrs. Day left for Bakersfield where he had to report for training at another air field.

The ceremony was witnessed by a small group of relatives and friends including the bride's mother, Mrs. V. Gabriel Abbot; her sister, Miss Deborah Abbot; her father, E. R. Abbot of Los Angeles; her aunt, Miss Grace Abbot of Venice; her brother and sister-in-law, Mr. and Mrs. George Sherwood of Pasadena; Mr. and Mrs. R. L. Woodhouse of Redlands, and Cadet John Gosnell.

Yesterday's bride is very popular both in Banning and Palm Springs. Before going to Banning about 10 years ago, she and her mother and sister spent their summers at Pasadena and their winters at Palm Springs. She is a fine equestrienne and was chosen as queen of the Palm Springs rodeo one year. She is a graduate of Banning High school and received her degree at Pomona College in 1940.

Cadet Day comes from Palestine, Texas, where his family is very prominent. He is a graduate of the high school in his home town.

## Dr. Bogart, Secretary of Beaumont Chamber of Commerce, Outlines His Reasons for Supporting Bob Dillon

Guy Bogart, secretary of the Beaumont Chamber of Commerce, and a staunch supporter of Supervisor Robert E. Dillon of Cherry Valley, in a communication to the various newspapers in the fourth supervisorial district, outlines his reasons for supporting Dillon and points to some of his (Dillon's) achievements during the years he has served as supervisor from this district. The letter in full follows:

Dear Editor:

Three terms of practical accomplishment on planned engineering principles, with full consideration of each portion of his wide district and for the county as a whole make the election of Supervisor Robert E. Dillon more important to our district than to him.

Eighteen years close acquaintanceship and study of Bob Dillon show that he has an unselfish interest in good government and the ability to make good. One cannot measure or compute the daily contacts and hard chores he has done from Blythe to Calimesa. But they are the tissue which fills the space in and around the solid, substantial accomplishments of almost twelve years. Only a few need be mentioned as typical.

Early in his official career he saw the justice, value and necessity of the Pines-to-Palms highway as a relief to Coachella Valley pioneers. Its building in no small measure is to be credited to the untiring boosting and intelligent planning of Supervisor Dillon.

No stauncher advocate and builder of the Riverside County Fair and Date Festival can be found than Bob Dillon. It was not for selfish interests of the Valley but because the date industry is a major California asset and helping the home of the date in America was an all-Riverside county improvement.

But the boosting of these Coachella Valley projects were not done at the expense of any other part of the district. The funds are allocated justly to all parts of this big district, more extensive than some of the Atlantic coast states.

### Fought For Mountain Road

The Banning-Idyllwild road is directly the child of Bob Dillon. Clem Sweeters and a few associates started the movement and stayed with it. I presided at meetings in the Pass and in Riverside, was closely associated with the move from the start and from a close personal knowledge am aware that the road would never have been started or kept under way without Robert E. Dillon. He planned, traveled, worked and in season and out led our Pass fight for this important highway. Without Dillon we would not have this splendid work so far along. Frank A. Miller arose from a sick bed to appear before a hearing. Few will ever know the brains and hard work Bob Dillon placed into making the Banning-Idyllwild road a reality. It is a part of his very being — as the Pines-to-Palms and the new Jackrabbit roads were — and he will not cease for a moment until it is completed—another monument to his leadership and service.

All-Year Club and other state and national leaders state that when Riverside county develops its own roads into the San Jacinto mountain the federal government will do its part in converting this most beautiful mountain on the Pacific coast into one of the nation's chief play grounds. When that happens give the major tribute to the man who has earned it—Bob Dillon—and give him the opportunity to finish it along plans already working and in his understanding.

Everyone east of Beaumont who travels to our county seat saves time, mileage and costs on every trip through the use of the new Jackrabbit Trail. How many are aware that is another of the many monuments to Supervisor Dillon. The state had turned thumbs down on all proposals and would make no surveys. Mr. Dillon from his funds paid for A. C. Fulmor's county survey and cost estimates which were used almost without change by the state. Visits to the highway commission and to Sacramento by Dillon helped in the campaign for this far-sighted improvement to the benefit of the whole eastern part of Riverside county.

### Improves Bogart Bowl

Bogart Bowl as a county asset which in five blossom celebrations attracted more than 100,000 visitors and which for 11 years has been a busy summer and winter picnic ground for local folks and for visitors from different parts of California and other states, was possible only because Bob Dillon championed my campaign for this county-wide improvement.

When it became necessary to build a new court house wing it

was Dillon's practical counsel which contributed much to its perfection.

What he has done in these few larger examples he has accomplished in scores of details each year which every person in his district has profited from.

For six years before he became supervisor I worked intimately with Dillon. His unselfish service was just what he has shown in office. Nothing is done for political effect.

In the most trying period of American history—or world history—Riverside county's part is important. We cannot afford to dispense with the statesmanship of Bob Dillon. He knows the give-and-take of dealing with county, local, state and federal agencies; has the confidence and good will of them all; is respected by his fellow supervisors; knows "the ropes" of doing necessary routine that it would require years for a new man to learn; has no commitments or obligations to any man or group; his honesty is unimpeachable.

As a man of intelligence, energy, brains, integrity and standing on a platform of solid accomplishment, I shall cast my vote for Mr. Dillon as I have done in each of his three previous campaigns. No one has even advanced beyond the August primaries against him. It will be so in the year 1942.

The fourth district needs Robert E. Dillon.

Riverside county needs him. California needs him.

The war efforts of a nation need the coordination of Riverside county which Bob Dillon can best help to provide.

A lot of you neighbors will do as I am—buy bonds and vote for Bob Dillon.

Yours for Victory,  
GUY BOGART.

## GRANT WOOD SENT TO CAMP CROWDER

Villagers this week received messages from Pvt. Grant Wood, giving his new address, which is Camp Crowder, Missouri. This is a signal corps replacement center and training in all types of communication work is given there. Wood is former owner of the Palm Springs News.

## COLLEGE GRADUATES, GEOLOGISTS, NURSE EDUCATORS, AND TECHNICIANS SOUGHT FOR FEDERAL WAR WORK

For the third time this year the United States Civil Service Commission is holding an examination to recruit college seniors and graduates for Federal war work. This examination is for the benefit of college students who will complete their courses in the summer session. Applicants are particularly desired in the fields of public administration, business administration, library science, economics, statistics, and mathematics through calculus. Graduates and senior students who will finish their college course by September 30 may apply. Applications must be filed by August 27 with the Commission's Washington, D. C., office.

### Nurses and Technicians

Nursing education consultants are needed to cooperate with national agencies on nursing education problems in administering funds appropriated for training nurses in national defense, and to give consultation service to schools of nursing. Positions are in the Public Health Service and pay from \$2,600 to \$4,600 a year. Registered nurses who have completed a course in a recognized college with a full program in advanced nursing education of at least a year, and also graduated from an accredited school of nursing with a daily average of 100 or more patients, may apply if they have had appropriate experience.

Additional medical technicians are being sought. Salaries range from \$1,440 a year for junior laboratory helper, to \$2,000 for senior medical technician. Under the new requirements, graduation from high school is no longer necessary. Completion of an approved course for clinical laboratory technicians may be substituted for 2 years of the required experience for all positions. A clinical laboratory internship of 12 months in a recognized hospital may be substituted for 12 months of the required experience.

Geologists are desired for geologic mapping and studying of mineral deposits and ground waters. Positions pay \$2,000 a year. Applicants must show at least 30 semester hours' work in geology in a recognized college; graduates or senior students may apply. No experience is necessary.

There are no age limits for any of these positions. For nursing education consultant, medical technician, and geologist, there will be no written test; applicants will be rated on their experience and training. Applications must be filed with the Civil Service Commission, Washington, D. C., and except for Junior Professional Assistant, will be accepted until the needs of the service have been met.

Full information as to the requirements and application forms may be obtained from Miss Marion Forbach, secretary of the Board of U. S. Civil Service Examiners at the Palm Springs post office.

### Jerry Sanborn Receives Promotion In State Guard

Lieut. Jerry Sanborn, commanding officer of the Palm Springs detachment of the California State Guard, this week received notification of his promotion from the rank of Second Lieutenant to First Lieutenant. The appointment was made July 21.

The local detachment is known officially as the first reserve platoon of Company M, 5th Regiment, C. S. G.

The village guardsmen drill every Wednesday night at the fire station, starting at 7:30.

## McCarthy & Bergen Now Owners of Seaton Ranch

Feeling the need of a quiet place to come to rest between radio broadcasts and motion pictures, Charlie McCarthy, that wise-cracking little funny man of the air, and his manager, Edgar Bergen, recently purchased Robert Seaton's date ranch near Palm Village.

It is understood Charlie and Edgar expect to spend much of their time on the ranch next winter.

Ivan R. Thorson, noted real estate appraiser, made the appraisal on the property.

### Milnor Leases P. S. Date Market For 5 & 10 Store

Don Milnor, who has operated Milnor's 5 & 10 the past three years in the Colburn building on South Palm Canyon Drive, has leased the Palm Springs Date Market building, next to Safeway, and will move his 5 & 10 store to that location in time for the opening on September 1. The lease was made through Charles Mathews' real estate agency.

Workmen are busy now making alterations in the date market, shelving will be added and the store redecorated. The store-room being considerably larger than the former location, Milnor will carry considerably more stock.

### Army Considers . .

(Continued from First Page)

of a not infrequent southeast wind. Subsequently the engineers and army authorities studied and reviewed the situation in the light of new evidence introduced at the city council meeting, and it is now understood the objectionable site originally planned in section 24 is almost definitely out.

#### New Site Better

The information available at the present time leads to the conclusion the new proposed location will quite likely be decided on. The new site would be in section 19, about a mile and a half from the high school, in place of a scant half a mile as in the case of the site first suggested in section 24.

It is understood a prime factor in the decision to reconsider the location of the proposed hospital sewage disposal plant was an important point brought out at the council meeting — namely, that the original location was on ground so high the Ferrying Command post could probably not avail itself of the use of the disposal plant.

#### Modern Plant

As the suggested new location is a mile farther away from the village and schools than the site originally proposed and in view of information the proposed plant will be a very modern and unobjectionable affair. (It is said it will give off practically no odor whatsoever) it is believed the new site in section 19 will probably meet with the approval of local civilian officials.

It is understood a site out in section 20 is also under consideration.

## Urges Use of Older Men to Watch For Sabotage in Forests

Broadening the policy of the forest service so that volunteers, especially older men, may be used to keep watch over persons behaving in a suspicious manner in forest lands to prevent sabotage is urged by L. W. Neustadter, winter resident of Palm Springs in Banning for the summer. He says:

"The assumption that saboteurs may have been responsible for the numerous fires near Banning is probably well founded; our enemies will stop at nothing in order to impede our war efforts. "Under these conditions it seems anomalous that the policy of the local officials of the State Division of Forestry is to reject the services of loyal, dependable citizens eager to work without compensation. Some of these volunteers are unable, because of advanced years, to serve in front ranks as active fire-fighters; they can nevertheless give good account of themselves by keeping under observation all persons behaving in a suspicious manner in

## WRONG ADDRESSES WILL DELAY DELIVERY OF MAIL TO MEN IN NATION'S ARMED FORCES

Although the Army Postal Service has delivered millions of letters to American soldiers throughout the world, some mail intended for soldiers at overseas stations is being delayed or returned to the sender because of erroneous or insufficient addresses, the War Department announced today.

### FOLLOW INSTRUCTIONS

The following instructions are repeated to enable the families and friends of soldiers to address their letters so that they will be delivered promptly.

Mail addressed to army personnel serving outside the continental limits of the United States should clearly show:

1. The grade, first name, middle initial, and last name of the person addressed, followed by his Army serial number, if known.
2. The letter or number of the company or other similar organization of which the addressee is a member.
3. The designation of the regiment or separate battalion, if any, to which the company belongs.
4. The Army post office number in care of the appropriate postmaster.

For example:  
Private John J. Doe (Army serial number)  
Company B  
212th Infantry  
APO 801, c/o Postmaster  
San Francisco, California

The name and address of the sender should be written in the upper left corner of the envelope, and sufficient space should be left to allow for endorsements by forwarding agencies if it is not possible to deliver the mail at the address given.

It is stressed that the location of an overseas station should not be used, and there should be no reference in correspondence which might associate the APO number with the geographical location of the unit.

Before a soldier leaves for an overseas station, he will be furnished an APO number and instructions that mail be sent in care of the postmaster of a certain city. This information should be sent by the soldier to his family and friends so that their mail will reach him with the least possible delay.

If the APO number does not appear on a letter, it is necessary to check the number and organization, causing considerable delay.

Mail addressed to Army personnel at posts, camps or stations within the continental limits of the United States should show the same information as prescribed for units outside the continental United States, except that the postoffice address of the post camp or station should be used, preceded in appropriate cases by the APO number if applicable.

Mail addressed to Army personnel on maneuvers within the Continental United States should show the same information as prescribed as outside the continental United States. Prior to beginning of maneuvers, the Post-Office Department, with the concurrence of the Army will designate the postmaster in whose care mail for personnel involved will be addressed.

Soldiers are advised to inform relatives and friends of the correct method of addressing their mail.

### KELLEY DROPS IN

Attorney Loyal C. Kelley of Riverside, candidate for district attorney, was here yesterday calling on friends. He stated that he had visited Blythe, Indio and Coachella during the swing around the desert, and received some very encouraging reports.

or near our forests and other vulnerable places. They can also apprehend motorists who carelessly throw cigarettes from moving cars and other vehicles. In short, the appointment of these citizens can be very helpful, without expense to the state of California.

"Of course, applicants for these appointments must be of good character and, even though not trained foresters, be possessed of sufficient intelligence to enable them to act without exceeding the authority conferred upon them; that is one reason why older men are better qualified for these assignments.

"The coming elections may usher into office a set-up with different ideas to those held by the incumbents; a thorough shake-up seems to be necessary."

Lost and found columns of Tokio newspapers are crowded these days. Every time an American buys a War Bond, the Japs lose face. Buy your 10% every pay day.

## Arrives From Alaska to Spend Summer Here

Mrs. H. W. Kindred and her two children are spending the summer on the date ranch of her parents, Mr. and Mrs. H. A. Snyder. They have recently come from Alaska and Mrs. Kindred finds the contrast between the picturesque fishing village of Ketchikan and Palm Springs very stimulating.

In the shadow of the beautiful date garden she recounts interesting stories of her recent experience in Alaska and depicts the beauty of the little hamlet built on the hillsides which slope to the waters of the Inland Passage. Ketchikan boasts many beautiful homes and Mrs. Kindred, who has lived there for many years, looks forward to the time when she may return and

## Bullock's Manager Drops in

Harris Posey, manager of Bullock's Palm Springs branch, was in the village yesterday on business.

While here Posey visited with friends and said Bullock's will open for the season about October 1. The manager will return in September to get the exclusive store in readiness for its opening.

rejoin her husband who is still there.

The inhabitants of Alaska were keenly aware of events on December 7, last, reverberations of that tragedy extending to them in the remote North. Mrs. Kindred may stay in Palm Springs this winter, but her plans are as yet not formulated.
